WATER COMMISSIONER'S REPORT

Your Commissioners submit the following report for the year 1969.

The new pumping station has worked out very well and all the controls and automatic systems have been completed this year. The north end extension has been completed and we have increased our total services by about 45.

There were no available Federal funds so that the cost of the project was paid in full by the District. The new well and pumps plus the north end extension has resulted in an increase of our bonded debt to \$97,000.

The system is in excellent shape and except for nominal upkeep should be trouble free for years.

The Commissioners feel that the District has expanded itself as far as it is feasible, and financially possible to do so, in the foreseeable future.

Respectfully submitted,

Joseph E. Jacobs
Stanley C. Tanner
Frank E. McIntire

FIRE WARDEN REPORT

People cause fires . Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence .

When we are very young the lighted match is an adventure , burnt fingers and a dropped match is another fire . A little older we like to have a woodland cookout , or go out by ourselves for a smoke but fire and forests get together for another statistic . We adults like to clean up in the spring , burn the old debris and the dead grass , result - escaped fires and much personal expense .

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets , it is necessary that everyone be aware all through the fire season , which comes with the disappearance of snow , of the need to be careful with outdoor fires and fire sources .

The following action will help:

1. To teach our children the danger of lighted matches .
2. To never discard lighted smoking material from a car or while walking through fields or woods .
3. To safely dispose of rubbish preferably at the town dump .
If you must burn --
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow . Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden .
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders

between 9:00 A.M. and 5:00 P.M.

- c. Have equipment on hand to control the fire before you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

As time passes, there seems to be little diminution in the size, number, or complexity of problems facing public education on any level of government - national, state or local. Included among these are financing, housing, teacher recruitment, and most important, maintaining a reasonable level of educational opportunity for our young people.

In New Hampshire, the problem of financing is most acute, as so great a portion of the burden falls upon the local community, in contrast with the situation in other states. At this writing, there seems little likelihood that this burden will be reduced by the creation of other sources of school monies, unless pressure is exerted on local representatives of the general court that the state must accept greater responsibility in supporting education. To date, the voters and taxpayers have risen to the task of providing a good school system for the community; and is being requested to continue to do so. However, it is time that the legislators face up to their responsibilities and implement the existing statutes by one hundred (100) percent funding and stop deceiving their constituents.

It is regrettable that one of the districts voted in opposition to the regional arrangement proposed as the Twin River Regional School, particularly, considering the amount of research done and the excellent presentation by the Planning Committee under the leadership of Captain Blake Booth. Time will tell who was in the right.

You are encouraged to read the other reports in this publication so that you will be more familiar with your school system and the endeavors of those who are truly interested in your child-

ren.

In closing, we would like to express our appreciation for the cooperation received from the citizens, school board, children and professional staff of the Milton School District.

Respectfully submitted,

Ramon Martineau

REPORT OF PRINCIPAL

To the Superintendent of Schools:

This school year has seen several staff changes and additions to the High School. Mr. Warren Bouchard has returned to Nute as Guidance Counselor. Mr. Bouchard graduated from St. Anselm's and has taught at Nute and Manchester Central. He has also done graduate work at the University of New Hampshire.

Mrs. Cynthia Nichols is teaching Social Studies, replacing Mrs. Randall who is teaching in the Grammar School this year. Mrs. Nichols is a graduate of the University of Massachusetts.

Mr. Richard Zeisse is our new Science teacher. A graduate of St. Lawrence University who has done work towards his Master's Degree at Dartmouth. Mr. Zeisse has had two years teaching experience in private schools before coming to Nute.

Mr. Roger Clark is a part-time Math teacher. Mr. Clark is a graduate of Lafayette College and is currently enrolled in the Master of Arts in Teaching Program at the University of New Hampshire.

Mr. James Martel is the new school Band Director. Mr. Martel has had many years of musical experience and directs many school bands in the area.

Miss Priscilla Roy is the new School Nurse, replacing Mrs. Gilman, who retired after 10 years of meritorious service to the schools and the community. Miss Roy is an R.N. who is now also completing work on a Bachelor's Degree from the University of New Hampshire.

Due to the town's voting an adequate budget this year, this school has been able to move ahead in new equipment for Science, printing, and audio-visual, which has enabled the staff to do a much more effective teaching job.

Other benefits from the increased budget include a complete

Sports Program and most important, we have been able to compete for good teachers with a reasonable salary schedule. It is to be hoped that this trend will continue.

We do have some urgent needs left, however, and I hope we will be enabled to institute a Physical Education Program and an Art Program next year, and to furnish the students, and the townspeople with adequate athletic fields and gymnasium floor.

At the time of this writing, we are attempting to institute Adult Education in the High School, but response has thus far been limited. We also hope to be able to institute Driver Education next year.

The School is also printing a monthly NEWSLETTER which is mailed to the townspeople. This Newsletter contains school news, activities, editorials, student honors and achievements, and student literature.

The entire staff of the High School would like to express our thanks to the people of Milton for their cooperation and support for the school.

Respectfully submitted,
Philip R. Bell
PRINCIPAL

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

This year has seen several changes at the Elementary School. The most significant of these has been the school's enrollment, which has increased approximately 33 percent to a total of 260 students. An increase of 16 percent was expected because the Milton Mills School had been closed. However, it was impossible for anyone to predict an influx of over thirty students from other towns and cities. This has increased our student population by an unexpected 17 percent. The total increase has necessitated our having to partition the cafeteria into two classrooms, and we have had to hire an additional part-time teacher for the third grade.

We are very fortunate in terms of having an experienced staff this year. Miss Persis Battis is teaching the first grade along with Mrs. Martha Plummer, who had previously taught the third grade. Mrs. Drina Blanchette is handling the second grade as is Mrs. Janice Roberts, a graduate of the University of New Hampshire. Mrs. Barbara Randall, also a graduate of U.N.H., is instructing the third grade, and Mrs. Caroline Perry is teaching there, also, during the morning hours.

Mrs. Helen Abbott is with the fourth grade, and Mrs. Marion Stanley is teaching the fifth grade. The sixth grade is being taught by Mrs. Mary Jane Callahan and Mrs. Mary Jane Boggs, who teaches morning classes. Mr. Eames replaces her in the afternoon. Our Remedial Reading program is being handled by Mrs. Faith Harriman, and Mrs. Anna White is in charge of a non-graded class.

Fortunately, our hot lunch program is in operation again. Mrs. Doris Cheney and Mrs. Peggy Moody are providing a hot meal each day for all of those who wish to participate. Currently, more than one-half of the student body is taking advantage of this noon meal and much of the credit must be given to our fine cooks for the quality meals that they put out each day.

Mr. Robert Lumbard is doing an excellent job of keeping our building clean and making minor repairs when necessary.

Miss Pat Roy, a graduate of Mary Hitchcock School of Nurs-

ing, has replaced Mrs. Mildred Gilman as the School Nurse, and I am sure we all wish Mrs. Gilman much happiness and good health during her well-deserved years of retirement.

Our playground is now among the Finest in the area. The outdoor basketball court was made possible by an appropriation in the School Budget. However, the students sold tickets for a science-magic program which paid for some playground equipment. Also, I would like to take this opportunity to thank the Teneriffe Sports Club and the Milton Women's Club for contributions which have helped us build a well-equipped playground.

The key to the successful operation of all schools is teamwork and dedication on the part of all members of the staff. And when a school is faced with overcrowded conditions it becomes even more vital that this dedication and teamwork be present. I would like to express my sincere appreciation to all of the previously mentioned staff members for demonstrating these qualities throughout the year.

Respectfully submitted,

Robert C. Eames

The following programs were made available:

A Mother-Daughter Cancer Education Program for the senior girls and their mothers sponsored by the American Cancer Society.

A smoking education program for the sixth grade sponsored by the American Cancer Society.

Mrs. Herbert Stark from the State Dental Health Department visited grades 1-6 demonstrating and lecturing on the care of the teeth.

A dental clinic sponsored by the Milton Women's Club is now in progress. Grades 1-4 have been offered the services of the dental hygienist, Mrs. Corinne Greeley, for cleaning, application of topical fluoride, and referral to a dentist.

Monthly meetings with a representative of the Child Guidance Clinic in Dover have been established, making the services of the clinic more readily available.

I would like to acknowledge and show my appreciation to Mr. Martineau, the Milton School Board, Mr. Eames, Mr. Bell, Mrs. Mildred Gilman, the teaching staff, and the Milton Women's Club, who have helped make my first three months productive and stimulating.
